

## PROPOSED READ DATES

Locate your cycle as printed on the front of your utility bill. Find the corresponding cycle in the chart below.

The date immediately to the right of your cycle is the date your meter will be read by BTU meter readers.

If you are a customer who reads their own meter, follow the reading schedule below or read a day or two before the date listed to ensure proper billing.

### JULY

CYCLE    READ DATE

1	7/1/09
2	7/2/09
3	7/6/09
