BEAT THE TEXAS HEAT

Keeping your cool and your energy bills low is difficult during sweltering Texas summers, but who says saving energy can't be fun? Here are some energy-saving tips to help you chill out without melting your wallet.

COOL AS A CUCUMBER

Speaking of cucumbers, did you know eating cold foods helps keep your body temperature down? Stock up on refreshing snacks like cucumbers and watermelon. It's a "cool" way to save energy by giving your stove and oven a summer vacation.

GRILL POWER

Instead of heating up your kitchen, fire up the grill and enjoy a BBQ. It's the perfect way to save energy and enjoy delicious meals. Cooking outdoors saves your air-conditioner from battling the extra heat and humidity.

POOL YOUR RESOURCES

Utilize your own pool or sprinkler or visit a splashpad or community pool to cool down instead of cranking the AC. Make sure that pool pumps only run in the early morning or late evening hours to avoid adding electric demand during the peak heat of the day.

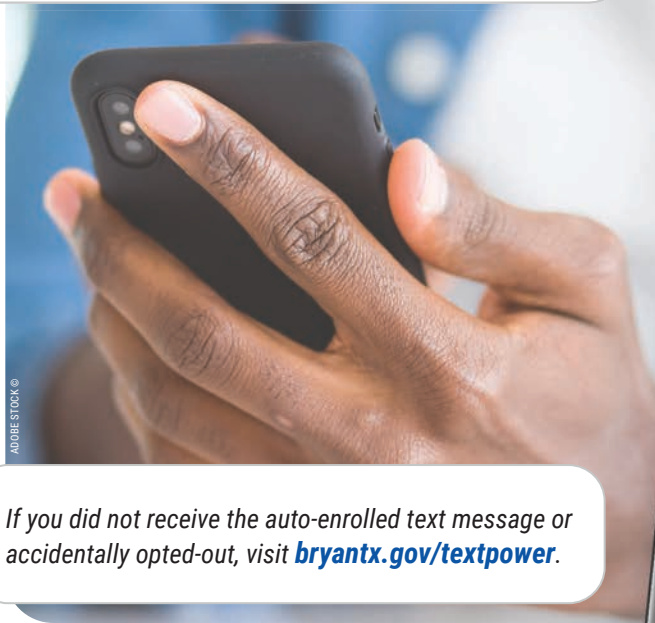

OUT OF THE HOUSE, OUT OF THE HEAT

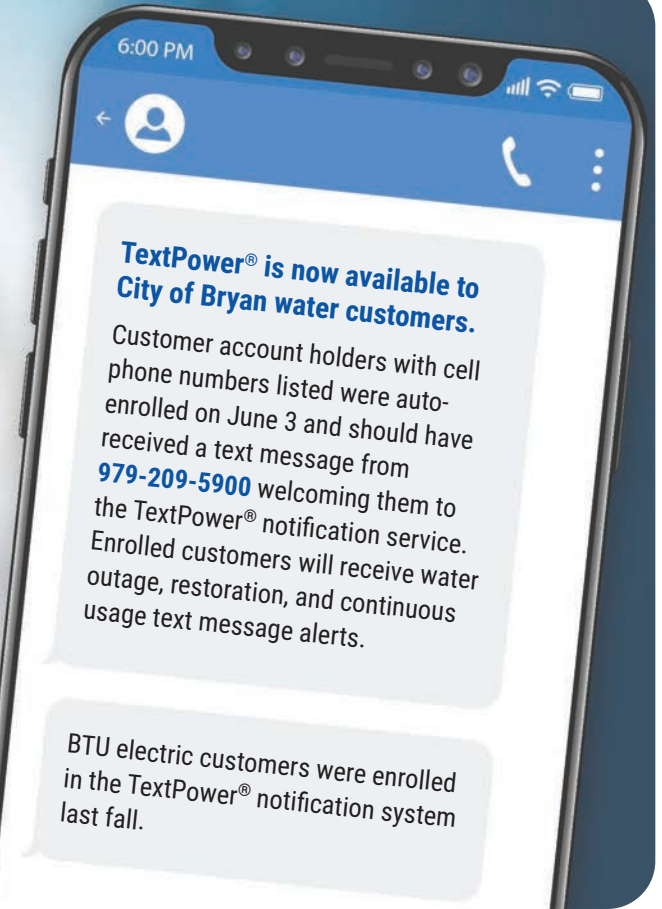

Head to the library, mall, or even a movie theater on hot days where the air conditioning is always on, but the cooling is free! Not only will you keep your home's energy bills in check, but you'll also enjoy a cool adventure without burning through your wallet.

CITY OF BRYAN Annual Water Quality Report

If you are a City of Bryan water customer, the direct link to our 2023 Annual Water Quality Report - Consumer Confidence Report (CCR) is:

bryantx.gov/waterqualityreport

Your new report will be available for online viewing by July 1, 2024. For a translation of the report; to speak with someone about the report; or to request a paper copy of the report, please call 979-209-5900.

Si usted es un cliente de agua de la Ciudad de Bryan, el enlace de internet directo a nuestro 2023 Reporte de Calidad de Agua Anual - Reporte de Confianza del Consumidor (CCR) es:

bryantx.gov/waterqualityreport

Su reporte nuevo va a ser disponible para ser visto por internet para el 1 de Julio, 2024. Para una traducción del reporte; para hablar con alguien sobre el reporte; o para solicitar una copia en papel del reporte, por favor llame al 979-209-5900.

CONSERVATION TIPS

Energy Conservation Tip:

Make sure to turn off fans when no one is in the room. The fan doesn't cool the air, but makes it seem cooler on your skin with a wind chill effect.

Water Conservation Tip:

Check all hoses, connectors, and faucets regularly for leaks.
