Holiday Electrical Safety Tips for a Merry Celebration

The holiday season sparks joy and excitement for decorations, food and fellowship with family and friends. Follow these electrical safety tips to enjoy the holidays peacefully.

Decorative Check-Up

Prior to unleashing your creativity with lights and decorations, conduct a thorough inspection. Identify frayed wires, damaged sockets, or any signs of wear and tear. Replace any problematic items to mitigate electrical hazards.

Outdoor-Ready Decorations

Opt for lights and ornaments specifically designed for outdoor use. These products are built to withstand weather conditions, providing both safety and durability.

Extension Cord Awareness

Ensure extension cords are in good condition and suitable for the intended purpose. Avoid daisy-chaining multiple cords, as it can overload circuits and pose fire risks. Place cords strategically to prevent damage from foot traffic.

Candle Caution

While candles contribute to a cozy atmosphere, exercise caution. Keep them away from flammable materials and never leave them unattended. Consider using flameless LED candles as a safer alternative.

Tree Security

For those with live Christmas trees, keep them well-hydrated to reduce the risk of drying out and becoming a fire hazard. Ensure that tree lights are in good condition and switch them off when you are away or sleeping.

BTU wishes you a season filled with joy, warmth, and safety.

The City of Bryan’s Community Development Department is hosting free workshops to educate and engage with residents.

Resourceful Communities: Legal Aid Workshop

Thursday, Feb. 29 from 5:30 – 7 p.m.
Bryan City Hall

The focus of this workshop is to offer general legal information and valuable resources related to the city’s programs. It will cover topics such as understanding liens, property titles, and other related legal topics. Specific legal advice will not be provided.

Financial Literacy and Budgeting Workshop

Tuesday, May 21 from 5:30 – 7 p.m.
Clara B. Mounce Public Library

Participants will learn about the city’s home rehabilitation and homebuyer assistance programs as well as the importance of learning how to effectively manage personal finances.

Path to Homeownership Workshop

Thursday, Sep. 12 from 5:30 – 7 p.m.
Clara B. Mounce Public Library

Learn about the city’s down payment assistance program and the process of buying a home. Attendees will also gain insights into topics such as home and flood insurance and fair housing laws.

or call 979.209.5175.

CONSERVATION TIPS

Energy Conservation Tip:

Resolve to save energy in the new year by creating a list of simple changes to implement like setting the thermostat to a moderate setting or doing laundry in cold water.

Water Conservation Tip:

Sweep your driveway, patio, and sidewalk to remove dirt and leaves rather than hosing them off.
