SmartHOME

saving makes sense

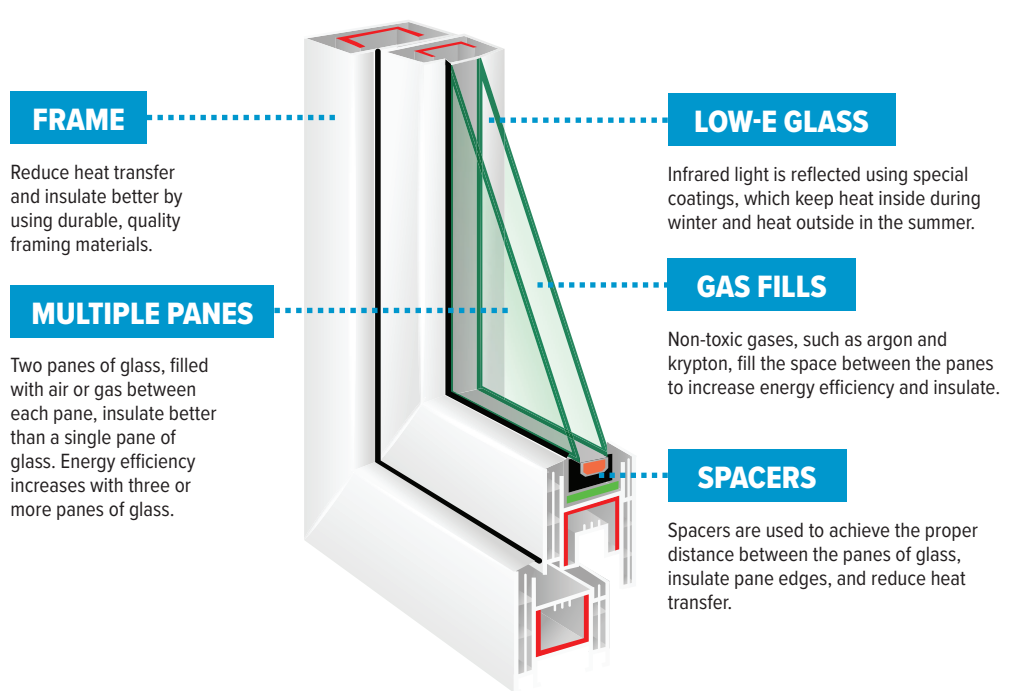

Save money and reduce energy usage by participating in BTU's SmartHOME program.

Earn 10 to 25 percent of your project cost back by making energy efficient changes like adding attic or wall insulation, installing solar screens, or upgrading to Energy Star® rated windows.

Energy-efficient windows prevent heat gain in summer and reduce heat loss in winter. To qualify, ensure upgraded windows are Energy Star® certified for our Texas area or certified for all 50 states. Only permanent residential structures with electric heat and air conditioning qualify (mobile homes, porches, and non-air-conditioned spaces are excluded).

Energy-Efficient Window Diagram

For more details or to apply for the SmartHOME program, visit **btutilities.com**.

PARKS & RECREATION

FRIDAY, MARCH 8
7 - 10 P.M.
BRAZOS CENTER

Get your leather jackets and poodle skirts ready, it's time to boogie-woogie like it's the 1950's! Enjoy live music by the Texas T-Birds, heavy hors d'oeuvres by Smitty K's, an ice cream bar, a cash bar, photo booth, and door prizes! Tickets can be purchased in advance at the City of Bryan's Parks and Recreation Department, Bryan Aquatic Center, or at the door.

Learn more at BryanTX.gov or call **979.209.5528**.

CONSERVATION TIPS

Energy Conservation Tip:

If you have an electric heat pump, avoid making drastic increases to your thermostat settings. Only increase the temperature setting by two degrees at a time to avoid triggering auxiliary heat, which uses a great amount of energy.

Water Conservation Tip:

To lower the risk of water leaks due to freezing temperatures, cover exposed pipes and hose bibs with pipe insulation.
