# Powering the Holidays

## CHRISTMAS LIGHT CONTEST

PRESENTED BY **BTU**

***Do you think you have the best Christmas light display in the BTU service territory? Now you have the chance to prove it!***

The First Annual Powering the Holidays Christmas Light Contest, presented by BTU, is here! All BTU customers are eligible to enter, and prizes will be awarded to the winner!

## Here's how it works:

1. Visit **[btutilities.com/christmaslights](https://btutilities.com/christmaslights)** to view contest rules, prizes, and to sign up.
2. Have your lights and/or displays up and running by Dec. 5, and make sure they are running the evenings of Dec. 8-12 for our judges to view.
3. Follow BTU on our social media accounts to see who wins!

Visit

[btutilities.com/christmaslights](https://btutilities.com/christmaslights)

for more information!

## COMPREHENSIVE PLAN

The City of Bryan is in the process of updating its Comprehensive Plan to shape a bright future for our community, and we want your input every step of the way.

### What is a Comprehensive Plan?

The Comprehensive Plan serves as the city's roadmap for navigating the next 10-20 years. The plan establishes priorities for development and investment in Bryan, guiding decisions about land use, housing, transportation, parks, economic growth, and community services. Updating the plan ensures it reflects current conditions, changing needs, and the community's long-term vision.

### Why Update Now?

The current Comprehensive Plan was adopted in 2016. Since then, Bryan has experienced major changes in population growth, economic development, and infrastructure needs. Comprehensive Plans should be updated every 10 years and allows us to:

- Listen to the community's ideas and turn them into clear goals.
- Plan how land will be used in smart and balanced ways.
- Support business development and jobs.
- Enhance parks, mobility, and quality of life.

### Your Voice is Needed

Your expertise as a resident is needed to help shape Bryan into a city where you want to live, work, and raise a family. This process is your chance to influence the future of Bryan. We need to hear from you about what works well and where improvements are needed.

- **Streets and sidewalks** – improving safety and connectivity throughout Bryan.
- **Housing** – providing options for all stages of life.
- **Economic development** – supporting business and strengthening the workforce.
- **Parks and open spaces** – creating spaces for recreation and gathering for all ages.

### Process and Timeline

The planning process will take place over approximately 12-18 months.

**Learn how to get involved:**

## CONSERVATION TIPS

### Energy Conservation Tip:

As temperatures continue to cool off, reverse the direction of your ceiling fans to a clockwise rotation. This creates an updraft and helps spread heat more evenly.

### Water Conservation Tip:

Fall is the perfect time to inspect indoor and outdoor faucets, pipes, and water heaters for leaks. Fixing even a small drip can save hundreds of gallons before colder weather hits.
